

# Powering Sydney's Future

## POTTS HILL TO ALEXANDRIA TRANSMISSION CABLE PROJECT COMMUNITY NOTIFICATION

### Restoration of traffic infrastructure on Carter Street, Belfield

TransGrid is installing a new underground electricity cable from Potts Hill to Alexandria. The Powering Sydney's Future project will help ensure a safe, reliable and affordable energy supply for Sydney's CBD and surrounding areas. You can view a map of the cable route at [www.transgrid.com.au/psf](http://www.transgrid.com.au/psf).

As you will probably be aware, TransGrid has completed a number of work activities at **Carter Street, Belfield**. We plan to return to Carter Street from **Monday 13 September** to restore traffic infrastructure (a speed hump, traffic islands and a drain). This work is expected to take around **one week** to complete.

The road surface impacted by our project work will be restored by City of Canterbury Bankstown Council on TransGrid's behalf. You will be advised by Council (or its contractor) at least 48 hours prior to work starting in Carter Street.

#### Work activities

- > Installing temporary fencing and safety barriers around the work area.
- > Delivering plant and equipment to site.
- > Using a pump/vacuum truck to remove water as required.
- > Restoring the speed hump, drain and traffic islands.
- > Line marking the road where required.

#### Work hours

Work hours are **7am to 6pm Monday to Friday and 8am to 1pm on Saturdays**.

#### How will the work affect you?

- > **Seymour Parade and Carter Street will be temporarily closed to through traffic during work hours. Access for residents will be maintained.**
- > **A stop/slow traffic configuration will be in place on Burwood Road.**
- > Some work activities will be noisy but we will make every effort to keep noise to a minimum.
- > There will be a temporary loss of street parking. We will endeavour to maximise street parking where possible.
- > An alternative route will be provided if any diversions or closures of pedestrian pathways are required.
- > Residents and businesses may experience short delays to access properties.
- > Driveway access will be maintained where possible. If we anticipate that access will be disrupted for an extended period, we will inform you in advance.

### COVID-19 Safety protocols

The health and safety of our people, customers and the community and ensuring a reliable supply of electricity to NSW and the ACT are our highest priorities during the COVID-19 crisis.

TransGrid and our contractors, as a minimum, adhere to the recommendations of SafeWork NSW along with the advice of other state and federal authorities to effectively manage the risk of COVID-19 to workers and others in the work environment. This involves maintaining effective controls including social distancing, stringent hygiene and specific work planning and access protocols at our work sites.
