Project update for Roslyn Street, Ashfield.

Transgrid is installing a new underground electricity cable from Potts Hill to Alexandria. The Powering Sydney's Future project will help ensure a safe, reliable and affordable energy supply for Sydney's CBD and surrounding areas. You can view a map of the cable route at www.transgrid.com.au/psf.

As you will probably be aware, Transgrid has completed a number of work activities in Ashfield. We thank you for your patience during our work in your area so far. The next and final stage of work involves permanent restoration on Roslyn Street.

Permanent restoration on Roslyn Street, including within the intersection with Cheviot Street and the intersection with King Street, will start from the week commencing on **Wednesday 24 May 2022** and at times will involve traffic changes as shown on the map overleaf. The work will take up to two weeks to complete. If the weather forecast is poor, work will be rescheduled to the next available day.

Work activities

- > Installing temporary fencing and safety barriers.
- > Delivering plant and equipment to site.
- > Restoring islands and roundabouts to their pre-existing condition.
- > Line marking the road where required.

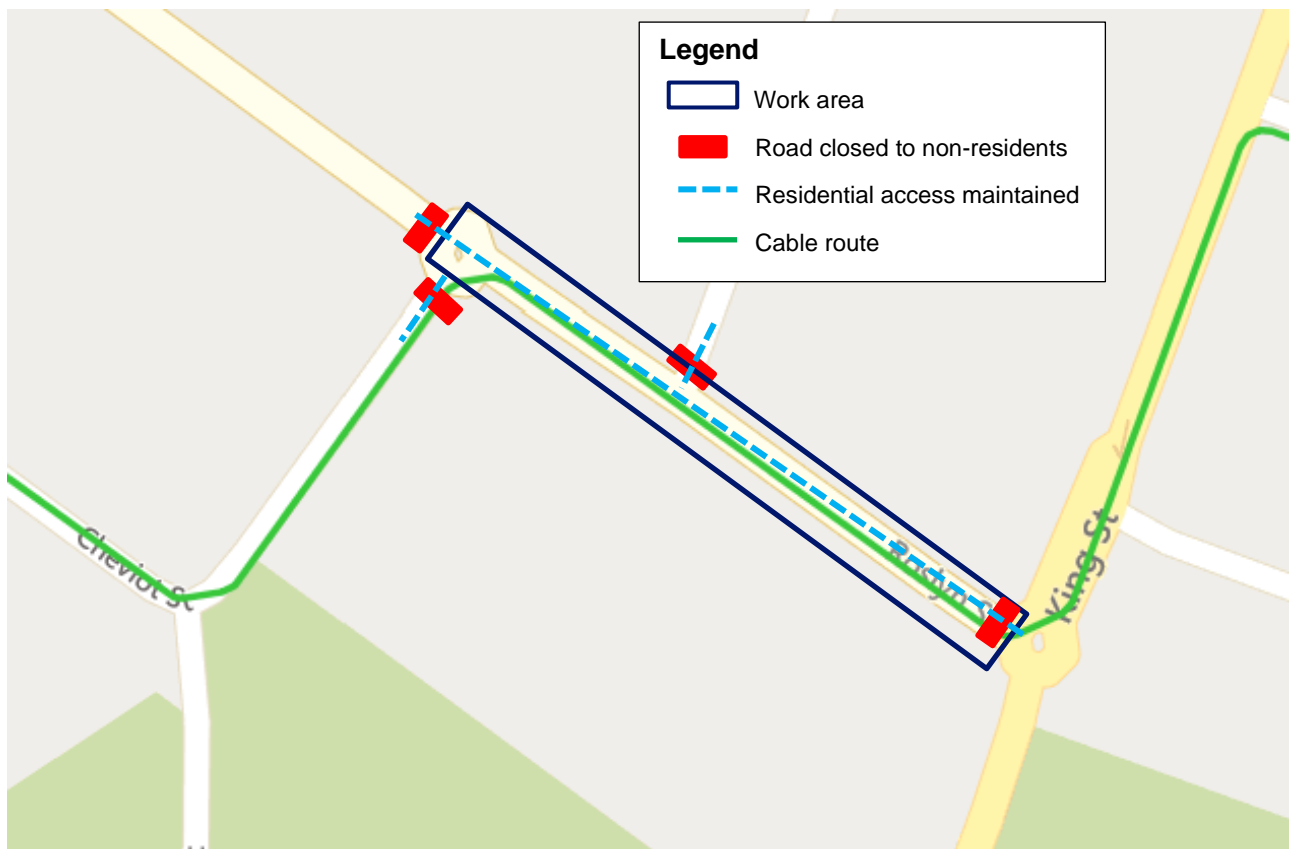

Work hours are

Work hours are **7am to 6pm Monday to Friday and 8am to 1pm on Saturdays.**

How will the work affect you?

- > **Roslyn Street** will be temporarily closed to through traffic between Cheviot Street and King Street during work hours. Access for residents will be maintained.
- > There will be a temporary loss of street parking. We will endeavour to maximise street parking where possible.
- > An alternative route will be provided if any diversions or closures of pedestrian pathways are required.
- > Residents and businesses may experience short delays to access properties.
- > Driveway access will be maintained where possible. If we anticipate that access will be disrupted for an extended period, we will inform you in advance.

Location of work

COVID-19 Safety protocols

The health and safety of our people, customers and the community and ensuring a reliable supply of electricity to NSW and the ACT are our highest priorities during the COVID-19 crisis.

Transgrid and our contractors, as a minimum, adhere to the recommendations of SafeWork NSW along with the advice of other state and federal authorities to effectively manage the risk of COVID-19 to workers and others in the work environment. This involves maintaining effective controls including social distancing, stringent hygiene and specific work planning and access protocols at our work sites.
