

Powering Sydney's Future

POTTS HILL TO ALEXANDRIA TRANSMISSION CABLE PROJECT COMMUNITY NOTIFICATION

Out-of-hours trenching work at Rookwood Road, Yagoona & William Holmes Street, Potts Hill

TransGrid is installing a new underground electricity cable from Potts Hill to Alexandria. The Powering Sydney's Future project will help ensure a safe, reliable and affordable electricity supply for Sydney's CBD and surrounding areas. You can view a map of the cable route at www.transgrid.com.au/psf.

Out-of-hours trenching work at **Rookwood Road, Yagoona** (between William Holmes Street and Muir Road) & **William Holmes Street, Potts Hill** will start from **Friday, 26 February 2021**. This work needs to be completed at outside standard working hours to avoid impact on high daytime traffic volumes.

Trenching is expected to progress at around 20 metres per shift, weather and ground conditions permitting. Work will take up to 15 shifts to complete.

Work activities

- > Delivering plant and equipment.
- > Cutting the road surface with a concrete saw.
- > Digging a trench about two metres wide using an excavator.
- > Installing plastic pipes in the trench.
- > Backfilling the trench and covering it with steel plates.
- > Temporarily restoring the road surface to allow normal traffic flow.

Our team will return to permanently restore the road at a later date after the new cable has been installed. We will write to you again before this work.

Work hours

Out-of-hours work will be carried out from **6pm – 6am, Monday to Sunday** & 6am – 6pm, Sundays.

How will the work affect you?

- > Rookwood Road will remain open to road users under traffic control.
- > The work will generate some noise, which we will make every effort to keep to a minimum. We aim to do high impact noise activities before midnight wherever possible.
- > There may be temporary closures of footpaths, however we will always provide an alternative route.
- > Driveway access to properties will be maintained unless we make alternative arrangements with you in advance.

COVID-19 Safety protocols

The health and safety of our people, customers and the community and ensuring a reliable supply of electricity to NSW and the ACT are our highest priorities during the COVID-19 crisis.

TransGrid and our contractors, as a minimum, adhere to the recommendations of SafeWork NSW along with the advice of other state and federal authorities to effectively manage the risk of COVID-19 to workers and others in the work environment. This involves maintaining effective controls including social distancing, stringent hygiene and specific access protocols at our work sites.
