

Powering Sydney's Future

POTTS HILL TO ALEXANDRIA TRANSMISSION CABLE PROJECT COMMUNITY NOTIFICATION

Trenching work at Hawkhurst Street, Petersham Road and Centennial Street, Marrickville

TransGrid is installing a new underground electricity cable from Potts Hill to Alexandria. The Powering Sydney's Future project will help ensure a safe, reliable and affordable electricity supply for Sydney's CBD and surrounding areas. You can view a map of the cable route at www.transgrid.com.au/psf.

Trenching work on **Hawkhurst Street, Petersham Road and Centennial Street, Marrickville** will start from **Monday 22 March 2021**. Trenching is expected to progress at around 12 metres per shift. Work will take up to two weeks to complete, weather and ground conditions permitting. Please refer to the map overleaf for the location of the work site.

Work activities

- > Delivering plant and equipment to site.
- > Trimming trees to create a safe distance from plant and equipment (conducted by a trained arborist).
- > Cutting the road surface with a concrete saw.
- > Digging a trench about two metres wide using an excavator.
- > Installing conduits (pipes) into the trench.
- > Installing ancillary pits.
- > Using a dewatering pump/vacuum truck as required.
- > Backfilling the trench and covering it with steel plates.
- > Temporarily restoring the road surface to allow normal traffic flow.

Work hours

Standard work hours are **7am – 6pm, Monday to Friday** and **8am – 1pm on Saturday**.

How will the work affect you?

- > **Hawkhurst Street, Centennial Street, Petersham Road and Brereton Avenue** will be temporarily closed to through traffic during the work. Traffic detours and traffic control will be in place to assist residents and businesses gaining access to their properties. Refer to local access plan for alternative access route to your property.
- > The work will be noisy at times, but we will make every effort to keep noise to a minimum.
- > There will be a temporary loss of street parking of around 30 metres while trenching is in progress.
- > There may be temporary closures of footpaths; however we will provide an alternative route.
- > Road users may experience short delays in accessing local properties.
- > If we expect your driveway access will be disrupted, we will inform you in advance and discuss arrangements.

Location of trenching work

What's next

We expect to be working on Centennial Street until June 2021 but work will not be continuous during this period. Following this trenching work, we will continue with installing and joining cables at the recently installed joint bay, installing a second joint bay and some minor ancillary pits, and temporarily restoring the road surface. We will keep you advised of these activities.

Once all work is complete in the area and the cable is installed and tested, we will permanently restore the road surface.

Contact us

If you have any questions or concerns, please contact the Powering Sydney's Future project team on 1800 955 588 or at psf@transgrid.com.au.

COVID-19 Safety protocols

The health and safety of our people, customers and the community and ensuring a reliable supply of electricity to NSW and the ACT are our highest priorities during the COVID-19 crisis.

TransGrid and our contractors, as a minimum, adhere to the recommendations of SafeWork NSW along with the advice of other state and federal authorities to effectively manage the risk of COVID-19 to workers and others in the work environment. This involves maintaining effective controls including social distancing, stringent hygiene and specific work planning and access protocols at our work sites.

For an interpreter please call **131 450** and ask them to call TransGrid on **1800 955 588**. The interpreter will then assist you with translation.
