

Powering Sydney's Future

POTTS HILL TO ALEXANDRIA TRANSMISSION CABLE PROJECT COMMUNITY NOTIFICATION

Trenching and pit installation on Lindsay Street, Campsie

TransGrid is installing a new underground electricity cable from Potts Hill to Alexandria. The Powering Sydney's Future project will help ensure a safe, reliable and affordable electricity supply for Sydney's CBD and surrounding areas. You can view a map of the cable route at www.transgrid.com.au/psf.

Work to drill a bore under Cooks River and Lees Park is nearing completion and we thank you for your ongoing patience.

This letter is to advise you of the next stage of work on Lindsay Street, involving trenching and installation of a cable pulling pit. The cable pulling pit will be used as part of the cable installation process to assist with feeding the cables through the conduits. This work will start from **Tuesday 15 June 2021** and is expected to take about two weeks to complete, weather and ground conditions permitting. Please refer to the map overleaf for the location of the work site.

Work activities

- > Delivering plant and equipment to site.
- > Trimming trees to create a safe distance from plant and equipment (directed by a qualified arborist).
- > Cutting the road surface with a concrete saw.
- > Digging a trench about two metres wide using an excavator.
- > Excavating and installing a cable pulling pit in the road.
- > Installing conduits (pipes) into the trench.
- > Using a pump/vacuum truck to remove water as required.
- > Backfilling the trench and covering it with steel plates where required to maintain traffic flow.
- > Temporarily restoring the road surface to allow normal traffic flow.

Work hours

Standard work hours are **7am – 6pm, Monday to Friday** and **8am – 1pm on Saturday**.

How will the work affect you?

- > **Lindsay Street** will remain open to residents under traffic control.
- > The work will be noisy at times, but we will make every effort to keep noise to a minimum.
- > There will be a temporary loss of street parking while the work is in progress.
- > There may be temporary closures of footpaths, but we will provide an alternative route for pedestrians.
- > Residents may experience short delays to access properties.
- > Driveway access will be maintained where possible. If we expect your driveway access will be disrupted for an extended period, we will inform you in advance.

Location of work

What's next

We expect to be working on Lindsay Street until July 2021. Following the trenching and pit installation, we will continue with installing and joining sections of cable, and temporarily restoring the road surface. We will keep you advised of these activities.

Once all work is complete in the area and the cable is installed and tested, we will permanently restore the road surface.

Contact us

If you have any questions or concerns, please contact the Powering Sydney's Future project team on 1800 955 588 or at psf@transgrid.com.au.

COVID-19 Safety protocols

The health and safety of our people, customers and the community and ensuring a reliable supply of electricity to NSW and the ACT are our highest priorities during the COVID-19 crisis.

TransGrid and our contractors, as a minimum, adhere to the recommendations of SafeWork NSW along with the advice of other state and federal authorities to effectively manage the risk of COVID-19 to workers and others in the work environment. This involves maintaining effective controls including social distancing, stringent hygiene and specific work planning and access protocols at our work sites.
