

Powering Sydney's Future

POTTS HILL TO ALEXANDRIA TRANSMISSION CABLE PROJECT COMMUNITY NOTIFICATION

Communications cable installation at Maiden Street, Greenacre

TransGrid is installing a new underground electricity cable from Potts Hill to Alexandria. The Powering Sydney's Future project will help ensure a safe, reliable and affordable electricity supply for Sydney's CBD and surrounding areas. You can view a map of the cable route at www.transgrid.com.au/psf.

As part of the project, we have installed communications pits along the cable route that will be used for monitoring and control of the new electricity cable.

From **Thursday 1 July 2021**, work will start to install and join the cables at the communications pits at **Maiden Street, Greenacre**. This work will take around **two weeks** to complete, weather permitting. Please refer to the map overleaf.

Work activities

- > Installing temporary fencing and safety barriers around the work site.
- > Tree trimming may be required to create a safe distance from plant and equipment (directed by a qualified arborist).
- > Lifting the lids off the communications pits at the start of the work, and fitting them back into place when work is finished.
- > Pulling communications cables through underground pipes at the communications pits.
- > Joining communications cables together inside the communications pits.
- > Using a pump/vacuum truck to remove water as required.
- > Any localised nature strip restoration work that may be necessary.

Work hours

Working hours are **7am – 6pm, Monday to Sunday**.

How will the work affect you?

- > **Traffic on Maiden Street will be maintained** under traffic control.
- > There will be a temporary loss of street parking while the work is in progress.
- > The work will generate some noise, including use of a generator. We will make every effort to keep noise to a minimum.
- > If we anticipate that your driveway access may be disrupted, we will inform you in advance and discuss arrangements.
- > Road users may experience temporary delays to access local properties.
- > An alternative route will be provided wherever any diversions or temporary closures of pedestrian access are required.

Location of cable work

What's next

We will return to Maiden Street at a later date to open up the communications pits and previously installed joint bay for testing. We will keep you advised of this work activity.

Once all work is complete in the area and the new electricity cable is tested, we will permanently restore the road surface.

Contact us

If you have any questions or concerns, please contact the Powering Sydney's Future project team on 1800 955 588 or at psf@transgrid.com.au.

COVID-19 Safety protocols

The health and safety of our people, customers and the community and ensuring a reliable supply of electricity to NSW and the ACT are our highest priorities during the COVID-19 crisis.

TransGrid and our contractors, as a minimum, adhere to the recommendations of SafeWork NSW along with the advice of other state and federal authorities to effectively manage the risk of COVID-19 to workers and others in the work environment. This involves maintaining effective controls including social distancing, stringent hygiene and specific work planning and access protocols at our work sites.

For an interpreter please call **131 450** and ask them to call TransGrid on **1800 955 588**. The interpreter will then assist you with translation.
