

March 2022

Project update for Burrows Road, St Peters

Transgrid is installing a new underground electricity cable from Potts Hill to Alexandria. The Powering Sydney's Future project will help ensure a safe, reliable and affordable energy supply for Sydney's CBD and surrounding areas. You can view a map of the cable route at www.transgrid.com.au/psf.

As you will probably be aware, Transgrid has completed a number of work activities in St Peters. We thank you for your patience during our work so far. As part of the next stage of the project, work to install an underground cable will start from **Wednesday, 6 April 2022**. Cable installation will take up to two weeks to complete, weather permitting. Please refer to the map overleaf.

Work activities

- > *Installing temporary fencing and safety barriers around the work site.*
- > *Tree trimming may be required to create a safe distance from plant and equipment (conducted by a trained arborist).*
- > *Digging a trench about two metres wide using an excavator.*
- > *Excavating a small pit and install cable pulling equipment.*
- > *Pulling electricity cable using winch and cable truck.*
- > *Using a pump/vacuum truck as required in wet weather.*
- > *Any localised temporary restoration work that may be necessary.*

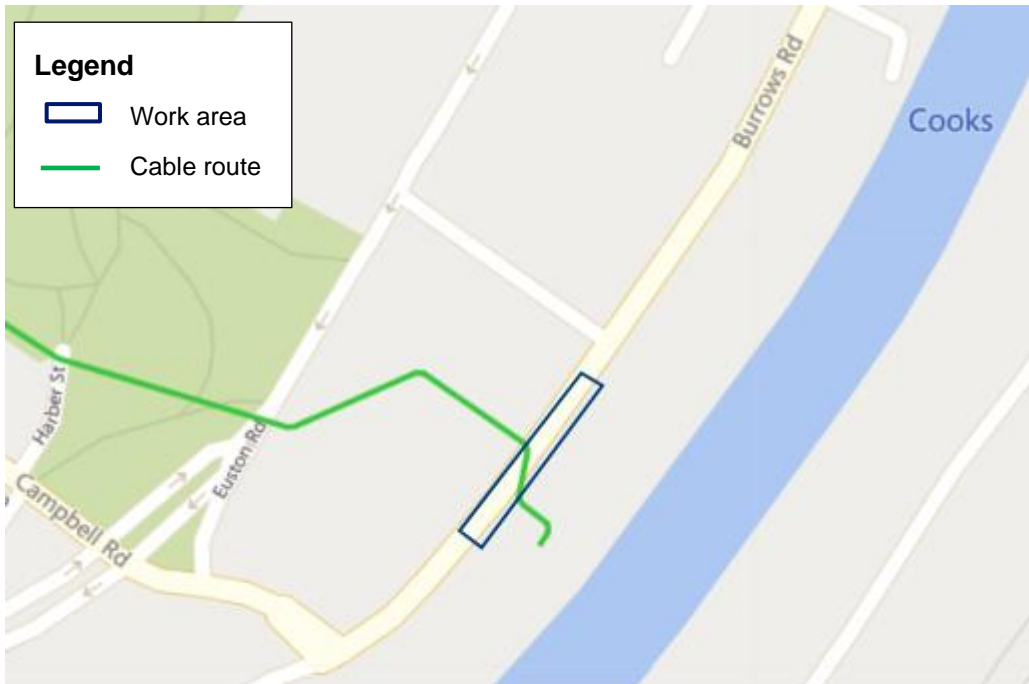

Work hours

- Work hours are **7am to 6pm Monday to Friday and 8am to 1pm on Saturdays**.

How will the work affect you?

- > Traffic control and signage will be in place to assist road users.
- > Some work activities will be noisy but we will make every effort to keep noise to a minimum.
- > There will be a temporary loss of street parking. We will endeavour to maximise street parking where possible.
- > An alternative route will be provided if any diversions or closures of pedestrian pathways are required.
- > Residents and businesses may experience short delays to access properties.
- > Driveway access will be maintained where possible. If we anticipate that access will be disrupted for an extended period, we will inform you in advance.

Location of work

COVID-19 Safety protocols

The health and safety of our people, customers and the community and ensuring a reliable supply of electricity to NSW and the ACT are our highest priorities during the COVID-19 crisis.

Transgrid and our contractors, as a minimum, adhere to the recommendations of SafeWork NSW along with the advice of other state and federal authorities to effectively manage the risk of COVID-19 to workers and others in the work environment. This involves maintaining effective controls including social distancing, stringent hygiene and specific work planning and access protocols at our work sites.
