## 1. Background

---

The *Protection of the Environment Operations Act 1997* (POEO Act) requires the holder of an Environment Protection Licence (EPL) to prepare, keep, test and implement a Pollution Incident Response Management Plan (PIRMP).

Transgrid holds EPL 7153 for the transport of trackable waste and consequently is required to prepare, keep, test and implement a PIRMP.

Transgrid's Senior Environment and Sustainability Manager is ultimately responsible for preparing, keeping, testing and implementation of the PIRMP.

## 2. Definitions

Term	Definition
EPL	Environmental Protection Licence
Immediately	Promptly and without delay
Material harm	<p>(a) harm to the environment is material if:</p> <p>(i) it involves actual or potential harm to the health or safety of human beings or to ecosystems that is not trivial, or</p> <p>(ii) it results in actual or potential loss or property damage of an amount, or amounts in aggregate, exceeding \$10,000 (or such other amount as is prescribed by the regulations), and</p> <p>(b) loss includes the reasonable costs and expenses that would be incurred in taking all reasonable and practicable measures to prevent, mitigate or make good harm to the environment.</p> <p>It does not matter that harm to the environment is caused only in the premises where the pollution incident occurs.</p> <p>(Protection of the Environment Operations (POEO) Act 1997)</p>
Notifiable Incident	An incident that occurs in the course of an activity so that material harm to the environment is caused or threatened.
PCB	Polychlorinated Biphenyl
PCB Free	Up to and including 2 ppm of PCB
PIRMP	Pollution Incident Response Management Plan
Pollution Incident	<p>An incident or set of circumstances during or as a consequence of which there is or is likely to be a leak, spill, or other escape or deposit of a substance, as a result of which pollution has occurred, is occurring or is likely to occur.</p> <p>It includes an incident or set of circumstances in which a substance has been placed or disposed of on premises, but does not include an incident or set of circumstances involving only the emission of any noise.</p> <p>(Protection of the Environment Operations (POEO) Act 1997)</p>

### 3. Notification Procedure

---

A pollution incident where there is a risk of 'material harm' (as defined by the POEO Act and reproduced in the Definitions section of this Plan) is required to be notified *immediately* to the EPA, Fire and Rescue NSW, SafeWork NSW, NSW Ministry of Health and local council.

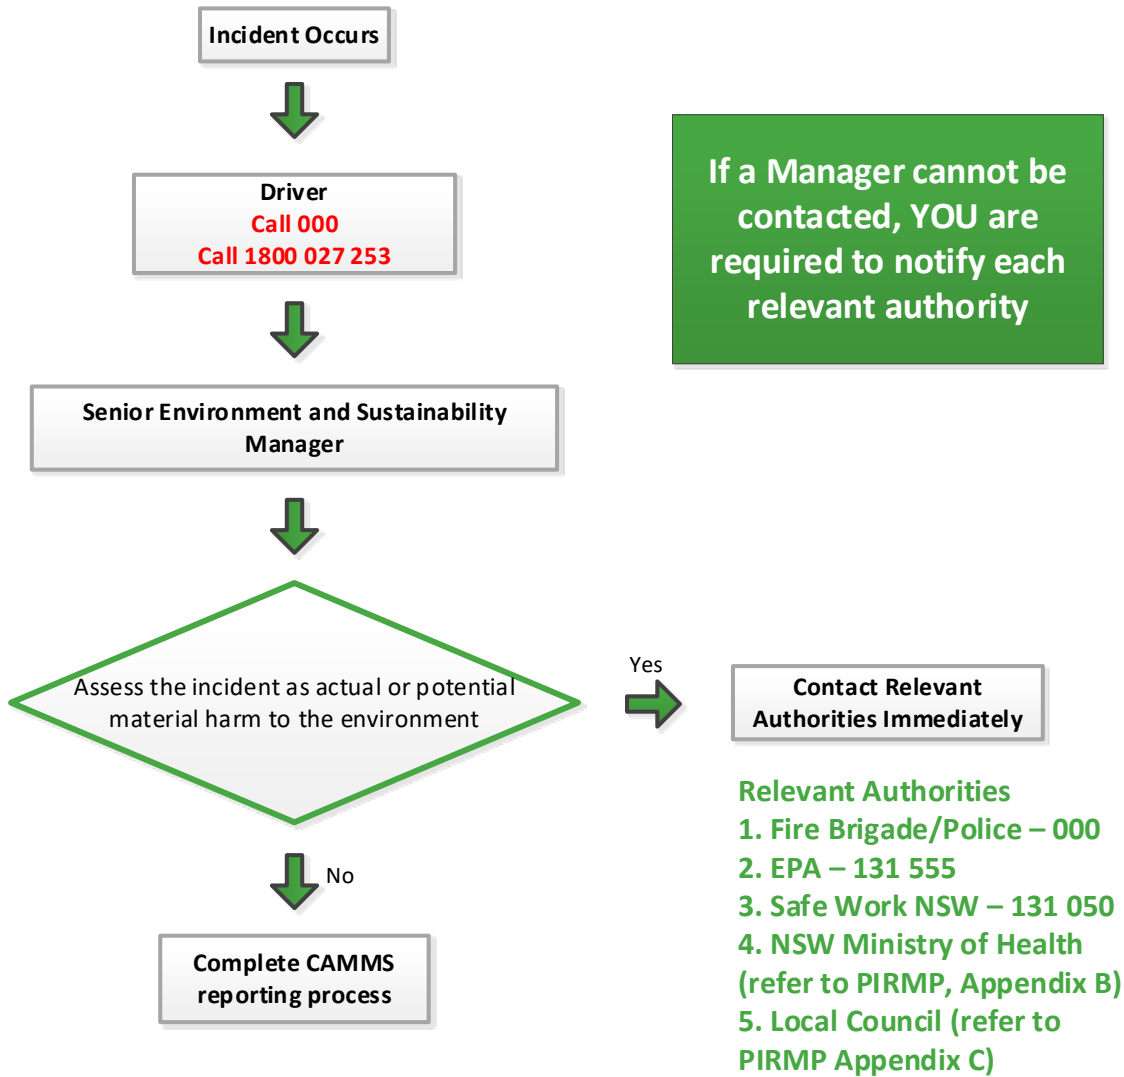

In the process of notifying the relevant authorities the following information must be communicated to each authority in accordance with the POEO Act (C 150) during pollution incidents causing or threatening material harm:

1. **The time, date, nature, duration and location of the incident,**
2. **The location of the place where pollution is occurring or is likely to occur,**
3. **The nature, the estimated quantity or volume and the concentration of any pollutants involved, if known,**
4. **The circumstances in which the incident occurred (including the cause of the incident, if known),**
5. **The action taken or proposed to be taken to deal with the incident and any resulting pollution or threatened pollution, if known,**
6. **Other information prescribed by the regulations**

The information required to be reported is only that information known to the person notifying the incident when the notification is given. If any of the above information is not known during initial notification but becomes known afterwards, that information must be forwarded to the relevant authorities.

## POLLUTION INCIDENT NOTIFICATION PROCEDURE

### Incident of actual/potential material harm

If a Manager cannot be contacted, YOU are required to notify each relevant authority

Material harm = harm to the health and safety of humans or ecosystems that is not trivial, or loss or property damage exceeding \$10,000

## 4. Contact Details

Table 1 summarises the contact details for managing incident response and notifying the relevant authorities.

Table 1 Emergency Contact Details

Contact	Contact Number	Alternate Number
<b>Transgrid</b>		
Transgrid Emergency	1800 027 253	-
<b>Emergency Services – 000 (or 112 from a mobile phone)</b>		
Fire Brigade / Fire and Rescue NSW	000	(02) 9265 2999
Ambulance	000	112
Police	000	112
State Emergency Service	132 500	-
<b>Relevant Authorities</b>		
Environment Protection Authority (EPA)	Environment Line 131 555	-
SafeWork NSW	13 10 50 – 24 hour	-
NSW Ministry of Health	Refer to Appendix A	-
Local Council	Refer to Appendix B	-
WaterNSW	1800 061 069	1300 662 077

## 5. Communicating with Neighbours and the Local Community

Adjacent neighbours/ properties will be directly notified (by telephone) by the Manager of Maintenance Engineering - Substations or Head of Media and Communications upon first becoming aware of an incident with the potential to affect them. Contact details of the adjacent properties. Regular updates may be provided via local radio and/or television and/or the relevant local councils. Refer Table 2 for a suggested list of radio and television agencies.

Properties further afield will be notified that an incident has occurred as deemed appropriate by the Head of Maintenance and/or Senior Environment and Sustainability Manager.
