

Powering Sydney's Future

POTTS HILL TO ALEXANDRIA TRANSMISSION CABLE PROJECT COMMUNITY NOTIFICATION

Preliminary works at Camdenville Park, St Peters

TransGrid is installing a new underground electricity cable from Potts Hill to Alexandria. The Powering Sydney's Future project will ensure a safe, reliable and affordable electricity supply for Sydney's CBD and surrounding areas. You can view a map of the cable route at www.transgrid.com.au/psf.

Work to install temporary fencing and hoarding in Camdenville Park, adjacent to the rail corridor will take place during a pre-existing planned rail power outage on **Saturday, 31 October 2020**. This work is needed to protect workers during future works to construct a cable bridge adjacent to Bedwin Road Bridge. A map of the work location is included overleaf.

Work activities

Activities on site:

- > Delivery of a five-tonne excavator to Camdenville Park.
- > Clearing and grubbing of vegetation on the southern side of the new cable bridge.
- > Installing temporary fencing and a plywood hoarding around de-energised above ground power cables.

Plant and equipment used will include:

- > An excavator.
- > A delivery truck and lighter work vehicles.
- > Hand tools.

Work hours

Work will be undertaken during standard work hours from **8am – 1pm, on Saturday, 31 October**.

How will the work affect you?

- > These works will involve an increase in construction vehicles to and from the site.
- > These works will generate some noise. However, our crews will seek to limit these impacts as much as possible.
- > Intermittent noise may be heard from the site during pick up and laydown of equipment.

If you have any questions or concerns, please contact the Powering Sydney's Future project team on 1800 955 588, or at psf@transgrid.com.au.

Location of preliminary work

The health and safety of our people, customers and the community and ensuring a reliable supply of electricity to NSW and the ACT are our highest priorities during the COVID-19 crisis.

TransGrid and our contractors, as a minimum, adhere to the recommendations of SafeWork NSW along with the advice of other state and federal authorities to effectively manage the risk of COVID-19 to workers and others in the work environment. This involves maintaining effective controls including social distancing, stringent hygiene and specific work planning and access protocols at our work sites.

For an interpreter please call **131 450** and ask them to call TransGrid on **1800 955 588**. The interpreter will then assist you with translation.
